### Key Achievements

Mr. Wang Jichao has been engaged in the real estate and financial legal services for many years. He has extensive experience in real estate and financial legal services, including real estate development, sales, second-hand housing transactions, construction project disputes and financial services relating to trust, funds, enterprise financing, mergers and acquisitions, P2P business and others. Mr. Wang is able to provide clients with legal advice and risk prevention solutions in all-round and diversified aspects, and has been widely praised by clients.

Mr. Wang Jichao has always combined theory with practice in the corporate business, investment, financing, merger, acquisition and restructuring, and established the best equity structure and investment plan for investors based on the characteristics of the Company Law of China, and laid a solid foundation for clients to avoid investment risks. Mr. Wang Jichao also has rich experience in the litigation and arbitration business involved in the abovementioned fields. He can reduce or eliminate the risk of losing a lawsuit by improving the non-litigation services, and improve his practice experience and reduce the loopholes in the non-litigation services by means of litigation practices. He can maximize the interests of clients by combining the above non-litigation and litigation services.
